### **RoHS Compliance Statement**

The European Union (EU), in an effort to protect human health and reduce environmental pollution has approved EU Directive RoHS 2002/95/EC to restrict the use of:

- Lead
- Cadmium
- Polybrominated Biphenyl (PBB)
- Mercury
- Hexvalent Chromium
- Polybrominated Diphenyl Ether (PBDE)
- Decabromodiphenyl Ether (DecaBDE)
- Octabromodiphenyl Ether (OctaBDE)
- Pentabromodiphenyl Ether (PentaBDE)

Furthermore, the directive states that member countries of the European Council shall insure that new equipment sold after July 1, 2006 is compliant with RoHS.

Globe Electronic Hardware, Inc. would like to state that all of our materials with the exception of aluminum alloy 2011-T3 are in compliance with the Directive. This does not include any of our aluminum handles, which are all compliant. All other raw materials are compliant.

### **RoHS Compliant Materials:**

- Brass
- Stainless Steel
- Nylon
- Teflon
- Steel
- Phenolic
- Fibre
- Aluminum (6061-T6) / Handles Only

### **Non Compliant Material:**

- Aluminum (2011-T3) / Standoffs & Spacers

Please note that after January 1, 2006 all customers requiring RoHS compliant aluminum standoffs and spacers must now use (AL) in place of (A) when ordering.

Example: AL-1200-140-0 (RoHS Compliant Aluminum Part). (**Note 1**)

Example: A-1200-140-0 (Non-Compliant Aluminum Part).

### **Note 1**

In some cases where non-compliant inventory has been fully depleted, part will be supplied less the replacement code (AL) & labeled RoHS Compliant Part.
